Sir:

An Office Action rejecting this application was issued April 4, 2007. Applicant subsequently filed two separate replies to the Office Action. The second reply, a Request for Reconsideration, submitted an English language translation of the Korean Priority Application which the present application relies upon for an earlier filing date. The translation was submitted to perfect the priority claim to the filing date of the Korean Application, which effectively pre-dated one of the references used to reject the claims.

Applicants subsequently received an Advisory Action, dated August 31, 2007, which indicated that the translation and the Request for Reconsideration would not be considered because no reasons were provided as to why the translation was not earlier presented.
